MISSION Smart Nation Curaçao Platform

Smart Nation Curaçao Platform aims to bring together collective efforts of the population, businesses, educational sector and government, to jointly raise the quality of vital services to the Curaçao community and its quality of life.

MISSION Curaçao Data Days

Curaçao Data Days is a collective venture for creating a safe and inclusive platform, where anybody interested can come together to learn, share their experiences and, by way of collaborating, adopt a culture of fact-based decision making.
